

General information:

The control relays of the IS HH5(MY) series are equipped with a removable base – PYF/DYF socket modular connectors, the standard version of which has 14 sockets. The connectors are mounted on a DIN rail.

Specification:

Product model	IS DYF-14A
Rated voltage	250VAC
Rated current	5A
Insulated voltage	$\geq 2KV$
Material	PA66+GF(V1/V0)
Clip material	QSn6.5-0.1
Operation temperature	-25°C...+85°C

Mounting port size:
